Dear Elena,

I'll be in New York for the international law meeting from
April 5th through 9th. Wednesday and Thursday are just
about completely booked with business at the conference
(at the Waldorf-Astoria), and so is Friday through lunch.
Friday evening is a possibility to get together, though
Saturday is more realistic at this point. Let me know what
your schedule is.

As for gutsy NY lawyers, if I were you I'd contact
Monroe Freedman at Hofstra; he knows all the lawyers
with guts, including some on his faculty. As you may
know, I gave a talk at Hofstra a couple of years ago on
"Judicial Dishonesty" and it was well received.

Thanks for the cert. petition, which looks good.
