Dear Sir:

I have read with horror and disbelief the article which appeared in the N.Y. Times, Where do you go when Judges break the Law, and yet I know it is true.

I had no idea such gross injustices existed in this country, especially in the court whose job it is to administer the Law.

The Justice Dept. should have been notified of this unfair treatment of attorney, Doris L. Sassower.

Was the Dept. of Justice asked to investigate this case? If not, then why not?

The best way for evil to prosper is for good people to do nothing.

I want to join this organization and maybe I can help get rid of some of the corruption.

This scam should be stopped now. Party Bosses should not be allowed to select Judges.

Now, if I were a member, I would ... ask the Justice Dept. to investigate this matter.

Something should be done to right this terrible wrong that has been done to Attorney Sassower.

Sincerely,

Ms. Lorraine White
