

You've undoubtedly said, "There ought to be a law" many times. Here's your chance to submit your idea, with the possibility it becomes law.

Many of the laws now on the books originated from ideas expressed by private citizens. The legislative process in which an idea is translated into law contains many safeguards to ensure that new laws will serve the best interests of the people of our state.

I hope you take advantage of this opportunity by filling out the form on the other side of this brochure and mailing it to me. I will be pleased to hear from you.
