Good afternoon Ms. Sassower,  
I spoke with Assembly Majority Council Office and asked about the FOIL appeal officer. They let me know that they are aware of your FOIL request and that they do not have the contract to give to you yet but that when they get it, they will make it available to you. You have taken all the necessary steps and they will give you the information once they receive it. I hope this helps!

Take care,  
Heather
