she's revved up

hard for her to get here for mtg: requests conference call at 1:30 Monday instead

suggests prior to call we review copy of documents delivered to Rachel Arfa (5 boxes were delivered to Hatch's office!)

has requested to testify Thursday, wants HRC to request she be permitted to testify or since we haven't received her packet from NYC, to delay the hearing

plans to be here Thurs if hearing not delayed

(yikes)
