Re: Raffe, Sassower, & Polur v. State
86Civ8207 [WCC]

Dear Judge Lowe:

1a. This afternoon, still not having received a copy of the accounting, which is supposedly to be settled on October 30, 1986, in the "non-public courtroom" of Referee Donald Diamond, where I am specifically excluded, I filed an "of right", successive Writ of Habeas Corpus, based on the proposition that such "post-conviction accounting" is exculpatory, and explains the reasons for my three (3) trialess convictions and incarcerations, as well as the trialess convictions of others, and irresistibly compels the writ being sustained, and the convictions vacated.

b. Every letter request to various tribunals, state and federal, nisi prius and appellate, received an ear-shattering, resounding, silence.

c. The aforementioned Writ concerns itself only with the 1985 convictions, although my 1986 conviction, which is not before Your Honor, is affected thereby.

d. I never doubted, the corrupt receiver and his criminal co-conspirators, would account when they recognized that the Titanic simply cannot sink an ice-cube!

2. Although I am clearly convinced that such accounting, unquestionably having been prepared by Rashba & Pokart, probably makes every attempt at concealment, the massiveness of the larceny of judicial trust assets, and the arrogance of the perjury, simply makes total concealment of the criminal activity impossible.

3a. There should be no doubt, that somehow, I will obtain a copy of such accounting report, sooner or later, which incidentally, is supposed to be a public document.

b. I respectfully suggest that Your Honor cut the Gordian Knot, and expedite the production of same.

4a. Nor should there be any doubt that I intend to forward same to the media, the criminal justice system, and other interested group, along with the information and documentation already forwarded!

b. A situation where "criminals with law degrees", run and control the courts through their cadre of corrupt judges, to the extent that the victims go to jail, without even the benefit of a constitutional mandated trial, is unprecedented, unbelievable, and intolerable!

5a. I again remind Your Honor, of the editorial in the New York Times, immediately following the jury guilt verdict against Chief Circuit Judge Martin T. Manton, which read, in part, as follows (Monday, June 5, 1939, p. 16):

"Nothing could strike a more deadly blow at the foundations of our democracy than the evidence, or the mere suspicion, that ... any litigant has an 'inside track' that all men do not come into court on the basis of equality."

b. I am certain that if the "criminals with law degrees", or their stable of corrupt judges, were to be convicted and incarcerated, without benefit of a trial, a writ of habeas corpus prepared on tissue paper, written with banana oil, would immediately be signed, even at 3 a.m., and correctly so!

6a. Tomorrow is St. Crispin Day, where more than 550 years ago, a tired English force, outnumbered by about 8 to 1, suffered a little more than a dozen dead against more than 5,000 dead suffered by the French, in probably the most decisive battles in military history.

b. By most, it is remembered only because of the words Shakespeare attributed to Henry V, on the eve of battle (Act. IV: Scene III):

"We few, we happy few, we band of brothers;
For he today that sheds his blood with me
Shall be my brother; be he ne'er so vile,
This day shall gentle his condition;
And gentlemen in England now abed
Shall think themselves accursed they were not here,
And hold their manhoods cheap whiles any speaks
That fought with us upon Saint Crispin's day."

Oct. 24, 1986

c. The immediate cause for the entire expedition and conflict is unclear, but Shakespeare attributes it to the insulting gift of "tennis balls" given by the French to the King, which interestingly, is as about as sound a reason as some historians give.

d. If "tennis balls" could cause englishmen to such a spirited victory, my belief that "all men are entitled to equal treatment in the courtroom", or a "trial before conviction and incarceration", should in the end, bring me a victory, as decisive, even if I have to do battle, single-handed, with the entire judiciary, state and federal.

e. On the other hand, my adversaries, "the criminals with law degrees", have established such a clear record of misconduct, I question if any judicial ship is sufficiently shipworthy, to prevent its inevitable sinking, of its own accord, without it even striking an "ice-cube"!

7a. One must recognize that, thus far, the "criminals with law degrees" have corrupted or fixed at least fifty (50) jurists, which means at least (50) law secretaries know about it, in addition to the many others associated with the various courts.

b. The United States Department of Justice, the several District Attorneys, the grand jury, the legislature, and the media, can all really enjoy a Roman Holiday, with this state of affairs, and with so many potential witnesses!

8. Think what all the members of the judiciary will say, when asked by a grand jury, about attorneys being incarcerated, without benefit of trial, at the request of those whose own accounting shows them to be "plunderers", "thieves", "purjurors", and "corruptors"!

Respectfully,

GEORGE SASSOWER
