Re: Sassower v. Mahoney
88 CV 0563 [LEK]

Honorable Sir:

1. I respectfully request that my personal appearance for April 4, 1997 be waived by reason of (i) the lack of any opposition; and (2) my lack of funds to undertake the expense in coming to Albany.

Although I am of considerable personal financial wealth, the judiciary have been denying me access to the courts in order to liquidate my assets, compelling me to resort to "food stamp" and other poverty relief in order to sustain myself.

2. I would appreciate Your Honor expediting the subject motion since DENNIS F. VILELLA is still incarcerated for crimes which no one, not even District Attorney DENIS DILLON, denies were ever committed by anyone, for no other reason than that I have refused to be silent on the subject of judicial corruption.

3. Finally, my motion of March 3, 1997 may have had an incorrect date of service. The Certificate of Service should have read March 3, 1997.

Most Respectfully,

GEORGE SASSOWER
