Re: Sassower v. Abrams (92-08515 [PKL])

Dear Judge Leisure,

Enclosed please find copy of my stay/injunction motion/application to the Supreme Court of the United States, involving the manifest jurisdictional violation of the Eleventh Amendment.

In such Supreme Court motion/application you are described as a "corrupted" jurist.

AAG Cartmill, by her refusal to justify her legal standing, speaks eloquently of your corruption.

My facts are invariably correct, my opinions honest and founded, and my integrity cannot be compromised by anyone.

Very truly yours,

GEORGE SASSOWER
