# About AFJ

Alliance for Justice is a national association of more than 100 organizations dedicated to advancing justice and democracy. For 30 years we have been leaders in the fight for a more equitable society on behalf of a broad constituency of environmental, consumer, civil and women's rights, children's, senior citizens' and other groups. Alliance for Justice is premised on the belief that all Americans have the right to secure justice in the courts and to have our voice heard when government makes decisions that affect our lives.
