RE: RECORDS REQUEST: The Legislature's "General State Charges" and the certifications thereof by the Temporary Senate President and Assembly Speaker, as likewise their certifications of the Legislature's proposed operating budgets.

Review of the Legislature's proposed budgets for the last 15 fiscal years, 1999-2000 to 2013-2014, accessible from the Division of the Budget's website, www.budget.ny.gov, does not reveal any "General State Charges", these being and/or including the "fringe benefit costs".

As you know, the Judiciary has purported that the Legislature has a "long-standing practice" of "separately presenting" its "fringe benefit costs".¹ If so, copies of these separately presented "fringe benefit costs" should be in your possession and request is made for these "General State Charges" for the past 15 years.

If you find no "General State Charges" for the past 15 years, please continue your search back through all the Legislature's proposed budgets until you locate "General State Charges" for the Legislature, be they separately presented or as part of a single proposed Legislative budget.

Inasmuch as Article VII, §1 requires that the Legislature's "itemized estimates" of its "financial needs" be "certified by the presiding officer of each house", please furnish the certifications of the Temporary Senate President and Assembly Speaker for such "General State Charges" as you find, as likewise their certifications of the Legislature's proposed operating budgets. For your convenience, enclosed are the Judiciary's separate certifications of its proposed "General State Charges" and operating budget for fiscal year 2014-2015, reflective of what its certifications have looked like since its budget presentation for fiscal year 2011-2012.

Thank you.

¹ See the Judiciary's memoranda dated December 1, 2010, November 30, 2012, and November 29, 2013, transmitting its "General State Charges" to the Governor, the Legislature's majority and minority leaders, the chairs and ranking members of the Legislature's fiscal committees, and the chairs of the Legislature's Judiciary Committees. Copies are enclosed, as likewise pages 9-10 of the transcript of the Legislature's February 9, 2011 joint budget hearing on "public protection" containing the Judiciary's representation on the subject.

From: Ann Pfau 

I respectfully submit the itemized estimates of the annual financial needs of the Judiciary for General State Charges for the Fiscal Year beginning April 1, 2011. Article VII, Section 1 of the Constitution requires the submission of these estimates to the Governor and legislative leaders on or before December 1, 2010.

For the 2011- 2012 Fiscal Year, the Judiciary will submit itemized estimates of funding for General State Charges necessary to pay the fringe benefits of judges, justices and nonjudicial employees separately from itemized estimates of the annual operating needs of the Judiciary. This presentation follows the long-standing practice of the Executive and Legislative Branches of separately presenting requests for funding of fringe benefit costs and requests for operating funds. The Judiciary will submit a single budget bill, which includes requests for funding for operating expenses and fringe benefit costs for the 2011-2012 Fiscal Year. ✓

for the courts outside of New York City.
And next to me is Maureen McAlary, who's our
director of the budget.

And before I begin with the fiscal
needs, I really want to just begin by
expressing my great gratitude to the
Legislature for enacting the judicial
compensation law that was recently enacted,
with the salary commission. It really does
produce a long-standing solution to the
crisis that has crippled us for so long with
judicial salaries.

We are very grateful, and we know what
it means for the institution and the future
of New York, that it means that we can
maintain the high-quality bench in New York
that is just so critical to the economic
well-being and to the families who live in
New York. So again, I want to begin by
expressing my great gratitude to you for
that legislation.

I want to also discuss what the budget
looks like this year, which is different
from last year. What we have presented this

1 ✓ year, for purposes of clarity and to conform
2 our format to that used by the other
3 branches, are two separate documents. One
4 contains the operating budget, which are
5 really the operating needs for the courts
6 for the coming fiscal year. And the second
7 contains the general state charges; that is
8 the pension and health-related costs --
9 costs that certainly are outside of our
10 control -- again for the judiciary for the
11 coming fiscal year.

12 ✓ This is the first step in what we hope
13 to continue working with you to continue to
14 make sure that our budget is as transparent,
15 as simple, and as straightforward as
16 possible so everybody understands very
17 clearly how the taxpayers', hardworking
18 taxpayers' dollars are being put to use in
19 the New York State Judiciary.

20 This year particularly we are very,
21 very aware of the need to make sure that our
22 budget is as fiscally prudent as possible,
23 but at the same time a budget that allows us
24 to carry out our constitutional obligations
