Dear Ms. Sassower:

The New York State Board of Elections has received your request for access to public documents, more specifically:

- 1) A copy of the Board's testimony before the Moreland Commission on Public Corruption on 28 October 2013;
- 2) A copy of statistics compiled by the Board as to criminal referrals to district attorneys who are members of the Moreland Commission on Public Corruption;
- 3) A copy of statistics compiled by the Board as to criminal referrals to all district attorneys;
- 4) Information on whether any district attorney has alerted the SBOE that our criminal referrals were insufficient in any way;
- 5) All records of budget requests and "side letters" for increased funding that the State Board of Elections made to the Division of the Budget, the Governor, and the Legislature over the past 25 years;
- 6) All annual reports of the State Board of Elections over the past 25 years;
- 7) All records pertaining to oversight hearings of the State Board of Elections by the Senate Elections Committee and the Assembly Elections Law Committee over the past 25 years, including transcripts of the hearings and copies of written testimony;
- 8) All records pertaining to testimony by the State Board of Elections about its budget at the Senate and Assembly joint budget hearings over the past 25 years, including transcripts of the testimony and questioning;
- 9) All records of support of the State Board of Elections' increased budget requests over the past 25 years, as, for instance, from the New York State League of Women Voters, whose support you identified to me.

Given the scope of your requests, we are still researching parts of your inquiry, but as to #1, #2, and #3, they are attached to this email.

As to request #4, the Erie County District Attorney told us once that our referral concerning corporate over contributors was not useful, but offered no alternative means to make the referral and has repeatedly stated in the press concerning this and other criminal matters that he is not an investigator.

As to request #5, the side letters are included with our written testimony.

As to request #6, copies of our annual reports are available online under the "Public Information" tab on our website. You will find 2002-2013. We have some older copies but not every year going back to 1988. To provide those materials would require copying of 274 pages at a cost of \$68.50.

As to Request #9, records of other entities expressing support for our agency is not our record.

As to #7 and #8 we are still researching these requests and will provide additional responses as we complete that research.

If you have additional questions, please let us know.

Sincerely,

John Conklin
