Subject: UPDATE & the OBVIOUS legal advice your counsel should be giving you about CJA's federal lawsuit vs NBC-NY Channel 4 News -- & your First Amendment responsibilities, journalistic duties, & your P.R. about yourselves

I have received no response to my October 9th message (sent at 9:05 am) entitled "Federal Lawsuit suing NBC-NY CHANNEL 4 for Corruption-Abetting, Election-Rigging, 'Journalistic Fraud' pertaining to the 2025 NYC electoral races", requesting the name of your legal counsel and his/her telephone number and e-mail address. Please furnish this information as soon as possible – including so that I can arrange for personal service."

Attached to the message was the October 8th verified complaint in the lawsuit. I am now attaching the corrected October 8th verified complaint, which I yesterday sent to the first defendant, the Legislative Correspondents Association (LCA), by an e-mail entitled "UPDATE -- & the OBVIOUS legal advice your counsel should be giving you concerning CJA, et al. v. LCA, et al. & your First Amendment responsibilities, journalistic duties, & your P.R. about yourselves". It too is attached – and I request that you forward it to your counsel, without delay, so that he/she can review with you the indicated "OBVIOUS legal advice", *to wit,*

"More than ten days remain before the October 25th start of early voting – and that is plenty of time for you...to discharge your duties by reporting on the EVIDENCE of the on-the-job performance of Mamdani as a NYS assemblyman and of Hoylman-Sigal as a NYS senator – and the fate of my fully-documented ethics and criminal complaints against them pertaining to their conduct in office – because, as my March e-mails to each of them stated, 'ELECTIONS ARE A TIME OF ACCOUNTABILITY...'. "

As always, I am available to assist you and answer your questions.

Thank you.
