Dear Ms. Sassower:

In your recent correspondence dated June 22, 2016, you requested the following records in relation to the New York State Law Revision Commission:

1. Records identifying the amount appropriated for the Commission since 1990, including where, in the budget, such line-item appropriation can be found. Please note that the function of this office is to respond to requests for records, not to conduct legislative research. In order to respond to this request, I will need a bill number or other information that will better describe the record you are seeking.
2. The Commission's annual report to the Legislature since 1990. While any such report would be available for public inspection and copying, the only record I have located in response to this request is the Commission's 1990 annual report to the Legislature. The page count for this report is 199 pages. Please let me know if you would like to receive a copy of this report.

If I can be of any further assistance, please feel free to contact me.

Sincerely,
Robin L. Marilla
