INTRODUCTION

Section 94(9)(l) of the Executive Law and § 1-d(g) of Legislative Law 1-A (the “Lobbying Act”) mandate that the Joint Commission on Public Ethics (“Commission”) annually report on and summarize its activities. In accordance with the law, the Commission issues this report for the calendar year 2021, including data relating to ethics and lobbying regulation.

The ongoing COVID-19 public health crisis continued to impact Commission operations in 2021. Investigative hearings and other proceedings continued to be conducted virtually to the greatest extent possible, as were the Commission’s mandatory ethics trainings and our annual educational event with the New York Law School Center for New York City Law. Commission meetings continued with a hybrid of in-person and virtual attendance, as authorized under legislation signed by the Governor.

Despite the obstacles, 2021 was yet another successful and productive year for the Commission, which will be the final full year of the Commission’s decade-long existence. Legislation passed and signed in April 2022, enacting the Ethics Commission Reform Act of 2022, repealed the portions of the Public Integrity Reform Act of 2011 that created the Joint Commission on Public Ethics and replaced it with a new body, the Commission on Ethics and Lobbying in Government. Commission staff has been working to effectuate a seamless transition to the new commission on July 8, 2022, when the effective date of the new legislation. A recap of information on the Commission’s activities since its inception and for 2022 prior to the transition date will be detailed at the end of this report after the Investigations and Enforcement section.

The numbers. Total lobbying spending in 2021 showed a near-return to the pre-pandemic levels reported in 2019. Lobbying spending increased to \$292.9 million, a 9.2% rise from the \$268.1 million recorded in 2020 and a mere 1% below the record-breaking pre-pandemic \$298.1 million spent in 2019.

The trend of lobbying spending continued to shift more heavily toward compensation than expenses in 2021. Compensation paid to retained and in-house (employee) lobbyists climbed to \$270.4 million, a \$21.7 million jump from the \$248.7 million reported in 2020. Compensation constituted 92.3% of total lobbying spending in 2021, while lobbying expenses accounted for only 7.7%. The ten highest-spending lobbying

entities followed the industry-wide trend toward proportionally greater spending on compensation for the second consecutive year, with 57.4% spent on compensation and 42.6% on expenses. This is in stark contrast to 2019 figures, which showed the top ten spending entities spending significantly more on expenses (70.6%) than compensation (29.4%).

Greater New York Hospital Association, Inc. ('GNYHA') was again ranked the top spender, with \$5,448,219 in lobbying compensation and expenses, an 82.1% increase in 2021 over their 2020 spending. GNYHA's lobbying efforts ranged from Covid-19 and other healthcare-related issues impacting hospitals and nursing homes to pharmaceutical-, insurance-, and labor/union-related issues.

In fact, labor was the biggest focus among this year's top ten highest spending lobbying entities, including Doordash – the online food ordering and delivery platform – which appeared in the top ten for the first time, ranked at number nine. Labor was also a large focus for other top ten entities, including not only top spender GNYHA, but also AARP (ranked #3), NYS Nurses Association (ranked #6), NYS Trial Lawyers Association (ranked #7), and NYS United Teachers (ranked #8).

Further detail on top spenders, top lobbyists, issues lobbied, and overall spending, along with summaries of the 2021 lobbying data, appears in this report's Lobbying section, below. Separately, and in conjunction with this annual report, the Commission will publish the complete data filed by lobbyists and their clients for 2021 in spreadsheet format on its website, jcope.ny.gov. The full 2021 listing of lobbyists and public corporations and their financial data is attached to this report as Appendix C.

The report also highlights some of the Commission's achievements and successes in areas key to its mission – education, regulation, and enforcement.

In 2021, the Commission completed and implemented a rulemaking to revise its comprehensive lobbying regulations to update and clarify some of those regulations. Among those were revisions providing increased clarity of key definitions, including “Contractual Client” and “Designated Lobbyist”; simplifying provisions related to Direct and Grassroots Lobbying; improving Coalition reporting; and amending Source of Funding requirements to explicitly prohibit a lobbying client from identifying any of its donors as “anonymous” and to exclude from reporting contributions explicitly earmarked for activities outside of New York State.

The Commission issued three formal Advisory Opinions in 2021. Two were related to the application of the two-year bar to former State employees under Public Officers Law § 73(8)(a)(i). The third addressed whether employees of community colleges affiliated with the State University of New York (SUNY) are subject to the Code of Ethics set forth in Public Officers Law § 74. Further, staff provided written guidance in response to approximately 400 inquiries from individuals and State agencies regarding post-employment restrictions; gifts to State employees and agencies; conflicts of interest; outside activity approval; and a variety of other subjects. And the Education Unit conducted numerous ethics training programs for financial disclosure statement filers, State agency ethics officers, and lobbying entities, tailoring such programs to the unique needs of agencies and those subject to the Commission's jurisdiction.

Commission staff initiated and actively pursued investigations and enforcement actions for alleged violations of the Public Officers Law and the Lobbying Act, processing 243 investigative matters and commencing eight investigations in 2021. Investigations staff also settled five enforcement matters this year, including two that had been commenced in prior years. Those matters led to \$21,000 in fines or other payments, including a settlement agreement with the engineering firm that retained the son of former Senate Majority Leader Dean Skelos, over Lobbying Act violations involving Adam Skelos and a former officer of the firm; a settlement agreement with a lobbying firm related to the Commission's long-running investigation into former New York City Mayor Bill de Blasio's Campaign for One New York ("CONY"); and a settlement agreement with a former accessibility advisor to New York City Transit for disclosing confidential information during a competitively-bid procurement and for failing to disclose his own outside income. Also, in connection with revisions to the Commission's adjudicatory proceedings regulations and the Commission's efforts to increase transparency, the Commission's Investigations and Enforcement unit is publishing expanded Information about complaints and referrals received by the Commission in 2021, including assigned case numbers and status, in its section of this annual report.

Detailed information on the matters handled and the work performed by the Lobbying, Guidance and Outreach, Investigations, and Financial Disclosure units of the Commission can be found in the relevant sections of this report that follow.

THE JOINT COMMISSION ON PUBLIC ETHICS

The Public Integrity Reform Act of 2011

The Commission was formally constituted in December 2011 by the Public Integrity Reform Act (“PIRA”) to oversee and regulate ethics and lobbying in New York State. The Commission has broad regulatory authority over the four statewide elected officials, candidates for those offices, Executive branch employees, members of the Legislature, candidates for the Legislature and Legislative branch employees, as well as certain political party chairs and registered lobbyists and their clients.

The Commission consists of 14 members, three appointed by the Republican Leader of the Senate; three appointed by the Democratic Leader of the Assembly; one appointed by the Democratic Leader of the Senate; one appointed by the Republican Leader of the Assembly; and six appointed by the Governor and the Lieutenant Governor. The Commission chairperson is selected by the Governor. Commissioners serve five-year terms as set forth in Executive Law § 94.

The Commission must meet, at a minimum, bi-monthly, but in practice, it meets regularly on a monthly basis and appoints an executive director to run the functions and administration of the agency.

Commissioners [*unless noted, all Commissioners served in 2021*]

Jose L. Nieves, Chair

Chair Nieves is founder of the Law Offices of Jose L. Nieves & Associates in Queens, with an emphasis on criminal defense law. Prior to that, he spent more than twenty years in public service as a career prosecutor, Army combat veteran, and community leader. He worked for the Office of the New York State Attorney General as a Deputy Chief in the Special Investigations and Prosecutions Unit, and began his legal career as an Assistant District Attorney in the Kings County District Attorney’s Office. Mr. Nieves also served with the US Department of Transportation, Federal Aviation Administration, and the New York City Department of Correction Trials and Litigation Division. In addition, he served in the US Army Reserves for more than 10 years, and was deployed to Afghanistan for a year during that time. He is also a lifetime

member of the Veterans of Foreign Wars. Mr. Nieves received his bachelor's degree from St. John's University and his law degree from Brooklyn Law School. Chair Nieves was appointed to the Commission by Governor Kathy Hochul. [Appointed October 2021; Reappointed December 2021]

He serves on the Board of Commissioners of the Port Authority of New York and New Jersey and the New York State Judicial Screening Committee. He was appointed to the Commission by then-Governor Andrew M. Cuomo. [Resigned August 2021]

C. Randall Hinrichs

Commissioner Hinrichs recently retired after a 38-year career in public service. Most recently, he spent nearly 10 years serving as the Suffolk County Administrative Judge, supervising 80 judges and more than 900 court employees involved in operating trial courts to serve the needs of the approximately 1.5 million people in the county. Prior to that, he served as Supervising Judge of the County Court, as an elected State Supreme Court judge, and as an elected County Court judge. In his role as Administrative Judge, Mr. Hinrichs he led a Task Force focused on exploring innovative ways to improve Suffolk County Courts operations and co-chaired the committee to implement the 2020 criminal justice reform act for the New York State Courts. He was also appointed to the Advisory Committee on Judicial Ethics for New York. Before that, Judge Hinrichs worked for many years in the Suffolk County District Attorney's office, spending time in the Major Crimes and Homicide bureaus. Judge Hinrichs has been the recipient of the Suffolk County Criminal Bar Association's Judge of the Year award and the Suffolk County Bar Association's President's Award. He is a graduate of Bucknell University and the State University of New York at Buffalo Law School. He was appointed to the Commission by Governor Kathy Hochul. [Appointed September 2021]

Marvin E. Jacob

Commissioner Jacob is a retired partner of Weil, Gotshal & Manges LLP, where he focused primarily on corporate financial restructurings. Prior to joining Weil in 1979 as a partner, he served as the associate regional administrator of the New York office of the United States Securities and Exchange Commission ("SEC"). During his tenures at the SEC and Weil, he taught bankruptcy reorganization and securities

regulation at New York Law School as an adjunct professor of law and published and lectured extensively. Since his retirement from Weil, Mr. Jacob's practice has focused primarily on mediations, arbitrations, public service, and pro bono matters. From 2006-2009, Mr. Jacob served as a member of the New York State Commission on Judicial Conduct and in 2010 was appointed to the Governor's Task Force on Public Authority Reform. Mr. Jacob was originally appointed to the Commission in December 2011 and was reappointed by Assembly Speaker Carl E. Heastie.

Gary J. Lavine

Commissioner Lavine is associated of counsel with the Syracuse law firm of Bousquet Holstein PLLC. Mr. Lavine served in the United States Department of Energy as Deputy General Counsel for Environment and Nuclear Programs during the administration of President George W. Bush. Previously, he was Senior Vice President and Chief Legal Officer of Niagara Mohawk Holdings Inc. and Senior Vice President, Legal and Corporate Relations of Niagara Mohawk Power Corporation. Mr. Lavine served in a number of staff positions with the state Legislature, including Legislative Counsel to the Minority Leader of the Assembly; Counsel, Senate Committee on Insurance; Executive Director, Senate Committee on Corporations, Authorities and Commissions; and Assistant to the Chair, Joint Legislative Committee on Reapportionment. He served four terms as a member of the United States Commission for the Preservation of America's Heritage Abroad. He received degrees in both business administration and law from Syracuse University. Mr. Lavine previously served on the Commission from 2011 to 2018. He was since re-appointed and most recently re-appointed to a new term on the Commission in December 2020 by Senate Minority Leader Robert G. Ort.

James W. McCarthy

Commissioner McCarthy retired from the bench after nine years as a Supreme Court Justice in the Fifth Judicial District in Oswego County. He also served as an acting justice for ten years and was the sole justice in that six-county District presiding over asbestos litigation during that time. He has served in a number of different roles on the bench for more than thirty years, including as an Oswego County Court judge, where he created the first sex offense court in New York State and was the first judge in the county to preside over a county-wide drug court program. Prior to that, Mr. McCarthy was an attorney in private practice and

served as city attorney in Oswego. He also served overseas in active duty for the US Army and was in the active reserve for several years. Mr. McCarthy has also served on a number of boards including the Oswego County United Way and Red Cross. He received his law degree from Albany Law School and his undergraduate degree from the State University of New York at Oswego. Mr. McCarthy was appointed to the Commission by then-Assembly Minority Leader Brian M. Kolb. [Resigned February 2022]

David J. McNamara

Commissioner McNamara is a partner at Phillips Lytle LLP, with a practice concentrated in the areas of general commercial litigation, representing individuals, corporations, and financial institutions in complex commercial litigation and real estate transactions, and maintains offices in Buffalo and New York City. He previously served as the firm's managing partner and as a member of its governing committee. Mr. McNamara has been listed in The Best Lawyers in America as well as lists of influential business and legal leaders in Western New York. He also currently serves as a member of the board of directors of the United Way of Buffalo and Erie County, among others. Mr. McNamara received his B.S. from the State University of New York College at Brockport and his J.D. from the Louis D. Brandeis School of Law at the University of Louisville. Mr. McNamara was appointed to the Commission by then-Senate Majority Leader John J. Flanagan.

Juanita Bing Newton

Juanita Bing Newton recently retired after 45-years as a member of the New York bar, including 35 years as a Judge of the New York Court of Claims and acting Justice of the Supreme Court. Her final assignment with the Court System was service as the Dean of the New York State Judicial Institute, which is the educational arm of the state court system providing mandatory education to the judges and court attorneys of the state. Judge Newton began her legal career in the Bronx District Attorney's Office, eventually becoming its first African American woman Bureau Chief, in the Arson/Economic Crimes Unit. She later moved on to the New York State Sentencing Guidelines Committee, which was commissioned to review and reform the criminal justice sentencing structure, before joining the Unified Court System. During her time on the bench, Judge Newton's decision in *People v. Angela Thompson* is often considered the first catalyst toward serious discussions of the draconian nature of the Rockefeller Drug Laws. Judge Newton

has served on many statewide committees and panels over the years, including the Commission on Judicial Conduct, the Commission on Drugs, and the Courts, the Violence Against Woman Advisory Board, the Judicial Commission on Minorities in the Courts and the Judicial Commission on Women in the Courts. She is a proud recipient of numerous awards from civil and professional organizations, including the Constance Baker Motley Award of the Westchester Black Bar Association - presented to her by Judge Motley, and the New York State Bar Association's highest award, the Gold Medal. Judge Newton received her bachelor's degree from Northwestern University and her Juris Doctorate from the Columbus School of Law of the Catholic University of America. She was appointed to the Commission by Senate Majority Leader Andrea Stewart-Cousins. [Appointed March 2021; Resigned October 2021]

George H. Weissman

Commissioner Weissman is immediate past Chair of the Cortland College Foundation, Inc., and a member of the Advisory Board of the Government Law Center at Albany Law School. In his over thirty years of government service, Mr. Weissman served in various capacities in the legislative and executive branches of government. In addition, he published articles on taxation, public debt, and the state budget. He received his J.D. from Albany Law School of Union University. Mr. Weissman was originally appointed to the Commission in December 2011 and reappointed by then-Senate Majority Leader John J. Flanagan.

James A. Yates

Commissioner Yates is a retired Supreme Court Justice, serving from 1997 until 2011, as well as sitting on the New York State Court of Claims from 1992 to 1997. He previously served as Counsel to the Speaker of the New York State Assembly from 1989 until 1992 and again from 2011 to 2015. Prior to that, he also served as Chief Counsel to the Assembly's Codes Committee, Counsel to the Assembly Majority, and Legislative Counsel to the Speaker. He has served as a Commissioner on the New York State Sentencing Guidelines Commission and on the Commission on Uniform State Laws, and as a Board Member of the IOLA Board for New York. In addition, he has taught criminal law, ethics and legislative process at New York University School of Law, New York Law School, CUNY School of Law, Cardozo School of Law and Pace University School of Law and has co-authored textbooks on criminal procedure. He received his law

degree from Rutgers University School of Law and his undergraduate degree from Princeton University. Mr. Yates was appointed to the Commission by Assembly Speaker Carl E. Heastie.

The Executive Director

Sanford N. Berland was appointed Executive Director of the Joint Commission on Public Ethics in April 2021. He most recently served as a Judge on the New York State Court of Claims and as an Acting Justice of the Supreme Court of the State of New York in Suffolk County. Judge Berland has a long career in private practice, including 14 years with Pfizer Inc, as well as a number of stints as a law firm partner after beginning his legal career as a law clerk for United States District Court Judge Edward R. Neaher, Jr. in the Eastern District of New York. Judge Berland is a magna cum laude graduate of both the State University of New York at Buffalo and of SUNY Buffalo Law School, where he was Editor-in-Chief of the Law Review. He is a member of the American Bar Association, the New York State and Suffolk County Bar Associations and the Association of the Bar of the City of New York and is admitted to practice in the State of New York and in various federal courts, including the United States Supreme Court. Judge Berland has served the community as a member of the Advisory Board of the Jewish Community Relations Council-Long Island and as co-founder of Families Against Anti-Semitism and for Campus Tolerance.

Structure and Staffing of the Agency

The Commission maintains a statewide presence with offices in Albany, New York City and Buffalo, extending its coverage to the tens of thousands of State officers and employees, legislative members and employees and registered lobbyists and clients located throughout the State.

The Commission currently has approximately 50 employees, including attorneys, investigators, auditors, filing specialists and administrative staff. Agency staff is organized into five divisions, consistent with the Commission's multiple statutory and administrative functions and to maximize productivity and efficiency. Each division is overseen by a director, and each unit by a deputy director.

- 1) The Ethics Division is made up of two main units, Guidance and Financial Disclosure Statements, each of which is headed by a Deputy Director. The Guidance Unit manages the advisory function, providing legal advice to the State officers and employees who seek guidance in complying with the ethics laws. This function includes providing daily guidance to the regulatory community, drafting

regulations and guidelines to clarify ethics issues, and developing educational material on the ethics laws. The Financial Disclosure Statement Unit administers and seeks compliance with the financial disclosure program under Public Officers Law § 73-a, which provides the public with information about the outside financial interests of public officials and employees;

- 2) The Lobbying Division also consists of two main units, Statutory Filings and Guidance, each headed by a Deputy Director. The Statutory Filings Unit administers and seeks compliance with the disclosure requirements of the Lobbying Act. The Guidance Unit provides daily guidance in the form of advisory opinions, informal advice, regulations, instructions and educational materials to assist the regulated community in understanding its obligations and to assist the public in accessing information about the entities that are attempting to influence government decisions;
- 3) The Investigations and Enforcement Division handles the intake and review of complaints alleging violations of the Public Officers Law, Lobbying Act, and the Civil Service Law; conducts substantial basis investigations commenced by the Commission; and represents the Commission before an independent hearing officer adjudicating claimed violations of the relevant provisions of the law;
- 4) The Communications and Public Information Division oversees the Commission's external communications, the release of public information, content on the Commission's website, requests for public records and public meetings; and,
- 5) The Administration Division manages the Commission's day-to-day administrative needs, including office management, financial transactions, and personnel matters.

Two units are shared between the Ethics and Lobbying Divisions: Education and Compliance Audit and Review. The Education Unit develops and presents the mandatory ethics training programs for State officials and lobbyists as well as other curricula designed to provide specific guidance on additional topics. The Compliance Audit and Review Unit conducts the statutory random audit program to ensure compliance with the Lobbying Act and establishes and conducts reviews of the financial disclosure statements filed with the Commission.

The current executive team consists of Sanford N. Berland, Executive Director and the following division directors: Stephen J. Boland, Director of Administration; Emily A. Logue, Director of Investigations and

Enforcement; Walter J. McClure, Director of Communications and Public Information Officer; and Keith C. St. John, Director of Ethics. Carol C. Quinn, Deputy Director of Lobbying Guidance, is managing the Lobbying Division. [General Counsel Monica J. Stamm and Deputy General Counsel Martin L. Levine served in those positions throughout 2021, but both left the Commission in 2022 ahead of publication of this report.]

GUIDANCE AND OUTREACH

The Commission provides regular guidance to public employees and officials, lobbyists and lobbying clients who are subject to the Commission's jurisdiction. Commission staff and counsel interact daily with the regulated community, answering questions and addressing issues in both formal and informal communications. In addition, the Commission periodically promulgates regulations and guidelines to clarify and amplify provisions in the ethics and lobbying laws.

The Commission also provides various training programs to the regulated community and maintains a website with resources as well as access to tens of thousands of publicly available filings, including the financial disclosure statements of certain public officials and data filed by lobbyists and their clients.

Guidance and Advisory Opinions

Pursuant to Executive Law § 94 and Legislative Law Article 1-a (Lobbying Act) § 1-d, the Commission issues formal Advisory Opinions that apply the Public Officers Law or the Lobbying Act to specific issues or sets of facts. These opinions, which are issued upon a majority vote of the Commission, bind the Commission and any individual who requested them, provided the requesting individuals acted in good faith and neither omitted nor misstated material facts.

In addition, Commission staff provides informal opinions, upon request, on questions where formal opinions have already established precedent. Most commonly, ethics staff responds to inquiries regarding restrictions on post-State employment. Commission staff also reviews and approves requests from certain State officials to engage in outside activities, and to accept honoraria or reimbursement from non-State entities for travel expenses related to official duties.

In 2021, Commission staff provided written guidance in response to approximately 400 inquiries from individuals and State agencies, including questions regarding post-employment restrictions; gifts to State employees and agencies; conflicts of interest; outside activity approval; official activity expense payment and reimbursement approval; and other matters arising under the ethics laws. In addition, Commission staff issued guidance in response to hundreds of phone inquiries regarding these and other topics.

The Commission issued three formal Advisory Opinions in 2021. **Advisory Opinion No. 21-01** responded to an inquiry from a former employee of the Department of Environmental Conservation (DEC) concerning application of the two-year bar under Public Officers Law § 73(8)(a)(i). The individual proposed to accept employment with a private engineering firm where their duties would involve preparing reports, applications for permits, and construction drawings, and submitting those documents to the DEC for approval. The Commission held that the proposed employment would violate the two-year bar, based on well-established precedent that the two-year bar prohibits a former State employee from preparing applications and other work product for submission to their former employing agency. The Opinion noted that the individual could utilize knowledge they acquired through their DEC employment to advise an employer *generally* with an aim to improve the quality of the employer's permit applications, but could not prepare, review, or revise specific applications to be submitted to the DEC for approval or render guidance pertaining to specific applications to the DEC.

In **Advisory Opinion No. 21-02**, the Commission examined whether employees of community colleges affiliated with the State University of New York (SUNY) are subject to the State Code of Ethics set forth in Public Officers Law § 74, in light of the fact that Section 74, unlike Sections 73 and 73-a of the Public Officers Law, is silent with respect to community colleges and only indirectly alludes to SUNY. Based on a detailed examination of SUNY's enabling legislation, its legal and administrative structure, and the financing of SUNY community colleges, together with a host of other authorities, the Commission concluded that SUNY community colleges are municipal or local agencies that are distinct from the SUNY system overall. Therefore, employees of community colleges are not employees of the State and, thus, not subject to Public Officers Law § 74.

Advisory Opinion No. 21-03 responded to an inquiry from the New York State Office for People with Developmental Disabilities (OPWDD), concerning application of the two-year bar to a former OPWDD employee seeking certification by the OPWDD as a family care provider. The individual completed all necessary steps for certification prior to their retirement from the OPWDD, but a necessary home safety inspection, scheduled prior to their retirement, was postponed for reasons outside their control and conducted after their retirement from the agency. The only step remaining in the certification process required the OPWDD's Department of Quality Improvement (DQI) to review the individual's certification

packet to ensure that it was complete and included all the necessary documentation. The DQI would then issue an operating certificate, attesting to the individual's status as a certified family care provider. Upon realizing the potential post-employment implications of the home safety visit having occurred subsequent to the employee's retirement, the OPWDD paused the process and asked the Commission whether the agency could finalize the certification without causing a violation of the two-year bar. The Commission noted that applicable precedent permits current employees of the OPWDD to seek certification as a family care provider from their agency, the former employee bore no responsibility for the delay in completing the home safety inspection, and the only remaining step in the certification process was essentially ministerial in nature. Therefore, the Commission held that if the DQI's final review of the certification packet revealed that all the documentation was in order, then the OPWDD could certify the individual as a family care provider without causing a violation of the two-year bar.

Development of Regulations and Guidelines

As more fully discussed in the Lobbying Overview portion of this report, the Commission undertook a rulemaking process to evaluate potential updates to the comprehensive lobbying regulations (19 N.Y.C.R.R. Part 943) and Source of Funding regulations (19 N.Y.C.R.R. Part 938).

Training and Outreach

Outreach and responsiveness to the education and training needs of the regulated community continued to be one of JCOPE's highest priorities in 2021.

The Commission's Education Unit provides a comprehensive and dynamic educational program for public officers and employees, lobbyists, and clients of lobbyists to ensure that they are fully informed about the State's ethics and lobbying laws, regulations, and guidelines. Among other things, the Education Unit develops instructor-led trainings on the State's ethics and lobbying laws, designs web-based programming on a variety of topics, and produces a library of written educational materials that are available on the Commission's website.

In December, JCOPE, in conjunction with New York Law School, presented its fifth annual conference, an online program on “The Lobbying Act: An Examination of Lobbying Laws on Land Use,” for nearly 200 individuals from the regulated community. The event featured a panel discussion about the application of the New York State Lobbying Act and local lobbying laws to land use with a particular focus on what constitutes lobbying, what triggers reportable lobbying, and factors to consider when analyzing lobbying laws in the land use context.

Ethics training is mandatory for State elected officials, officers and employees who are required to file a financial disclosure statement (FDS) with JCOPE. FDS filers include policymakers and those State officers and employees earning above a stated salary threshold. In 2021, the Commission directly, and in partnership with agency ethics officers and other designees around the state, provided live mandated trainings to 7,952 filers.

Executive Law § 94 requires that JCOPE create and conduct three ethics trainings for FDS filers. The first, the “Online Ethics Orientation,” is a video-training course hosted on the JCOPE website. In this format, State officers and employees may conveniently access this online training at their workstations or other remote locations with Internet access. The Online Ethics Orientation must be completed by State officers and employees newly subject to the FDS filing requirement within three months of qualifying employment unless they have already taken the live “Comprehensive Ethics Training Course” first. Some 2,866 filers completed the Orientation in 2021.

The second mandated course is the Comprehensive Ethics Training Course (CETC), a two-hour live training for FDS filers that must be taken within two years of the date the FDS filer began qualifying employment. As a result of the COVID-19 pandemic, the Education Unit currently presents the CETC to FDS filers statewide in a live remote training format using WebEx videoconferencing software. JCOPE provides “Train-the-Trainer” materials to agency ethics officers and trainers from New York State agencies, public authorities, commissions, councils, and boards (collectively known in the law as “State Agencies”), who, in turn, train their employee filers. In 2021, 2,356 filers completed the CETC either through their respective agencies or at one of the JCOPE offices.

The Ethics Seminar, the last of the three mandated trainings, provides an overview of changes in the relevant laws, regulations, and policies and includes a question-and-answer session. Since its introduction, the

Commission has presented one CETC and one live Seminar each month. In addition, as noted, JCOPE provides “Train-the-Trainer” materials to agency ethics officers and trainers, who in turn provide that training to their employee filers.

After FDS filers have taken the CETC, they are required to take live ethics training every three years. To satisfy that requirement, FDS filers may complete either the CETC or the Ethics Seminar. The first year that the mandated refresher training was due for most State officers and employees was 2016. There were 5,416 FDS filers who took some form of refresher training in 2021.

Members and staff of the Legislature are also required to complete ethics training. A mandatory ethics training program was implemented by the Legislature pursuant to Executive Law § 94(10)(d) and Legislative Law § 80. This training program was provided by the Legislature, assisted by the Legislative Ethics Commission (“LEC”). In addition, the LEC has developed and fully implemented an online ethics orientation course, which all new legislative employees are required to complete within three months of hire, and also provides training for legislative fellows and interns. As of the date of this report, nearly all legislators (96%) have completed comprehensive ethics training in compliance with the statute. [Members sworn in during the spring of 2022 and three members requiring refresher training will be trained by the end of 2022.]

Although COVID restrictions continued to hamper in-person training sessions, the vast majority of legislative employees, over 75 percent overall, have completed ethics training. [More comprehensive training sessions for employees are scheduled over the course of 2022.]

Ethics training is also required for New York State registered lobbyists. The Commission provides an online training course, “Ethics for Lobbyists.” In accordance with the Lobbying Act and the Comprehensive Lobbying Regulations, this interactive training provides an overview of State laws concerning ethics, including the Public Officers Law, the Lobbying Act, and the Election Law, and must be completed by registered lobbyists once every three years, either within 60 days of their initial registration, within three years of the first or subsequent completion of the training, or, if there is a lapse in registration, within 60 days of re-registration or three years from the last date training was completed, whichever is later. As of this report, 8,460 lobbyists have completed the ethics training program.

In addition to efforts directly related to the development and presentation of training programs, the Education Unit continues to solicit information and ideas from the regulated community.

Website

The Commission's website, jcope.ny.gov, provides the regulated community, general public, and members of the media better access to information about the laws and regulations the Commission enforces, links to formal advisory opinions issued by the Commission, a library of materials for training and guidance, information concerning Commission enforcement actions, portals to the online Lobbying Application and financial disclosure statement filing systems, and more convenient methods to submit sworn complaints or tips about potential ethics or lobbying violations.

The website provides the financial disclosure statements of the four Statewide elected officials and all members of the Legislature, as well as access to tens of thousands of disclosure filings submitted by lobbyists and clients to give New Yorkers meaningful information about those trying to influence government decisions. Lobbying data is also available for download in spreadsheet format.

Commission staff is currently working to update the website for the transition to the new Commission on Ethics and Lobbying and Government, and expects to have the site in place and ready to go live for the July 8, 2022 effective date.

LOBBYING OVERVIEW

Total spending on lobbying in 2021 showed signs of a return to the pre-pandemic spending levels last seen in 2019. Lobbying spending increased to \$292.9 million in 2021, a 9.2% rise from the \$268.1 million recorded in 2020 and a mere 1% drop from the record-breaking pre-pandemic \$298.1 million spent in 2019.

The trend of lobbying spending continued to shift heavily more towards compensation than expenses in 2021. Compensation paid to retained and in-house (employee) lobbyists climbed to \$270.4 million, a \$21.7 million jump from the \$248.7 million reported in 2020. Compensation constituted 92.3% of total lobbying spending in 2021, while lobbying expenses accounted for only 7.7%. The ten highest-spending lobbying entities followed the industry-wide trend toward proportionally greater spending on compensation for the second consecutive year, with 57.4% spent on compensation and 42.6% on expenses. This is in stark contrast to 2019 figures, which showed the top ten spending entities spending significantly more on expenses (70.6%) than compensation (29.4%).

Greater New York Hospital Association, Inc. ('GNYHA') was again ranked the top spender, with \$5,448,219 in lobbying compensation and expenses, an 82.1% increase in 2021 over their 2020 spending. GNYHA's lobbying efforts ranged from Covid-19-related issues and healthcare issues impacting hospitals and nursing homes to pharmaceuticals, insurance, and labor/union-related issues.

Labor was the biggest focus among this year's top ten highest spending lobbying entities, including Doordash - the online food ordering and delivery platform – which appeared in the top ten for the first time, ranked at number nine. Labor was also a large focus for other top ten entities, including Greater New York Hospital Association (ranked #1), AARP (ranked #3), NYS Nurses Association (ranked #6), NYS Trial Lawyers Association (ranked #7), and NYS United Teachers (ranked #8).

Appearing in the list of top ten spenders list for the first time in 2021, South Street Seaport Limited Partnership (ranked # 5) and RXR Development Services LLC (ranked #10) focused their lobbying efforts on construction, real estate, and economic development.

Genting NY (ranked #4) was the only entity in the top ten whose lobbying efforts shared nothing in common with other top entities. Genting NY, whose lobbying focus centered on gaming, was among the many filers who listed the third most lobbied bill in 2021, New York Senate Bill S2509 (the Budget bill). That bill, signed on April 19, 2021, provides, among other things, for the regulation of sports wagering and mobile sports wagering and implements a tax on sports wagering gross revenue.

For the first time since 2016, regular top ten entity 1199SEIU Labor Management Initiatives, Inc. Healthcare Education Project (ranked #2 in both 2020 and 2019) did not make the top spenders list.

Client expenses continue to focus primarily on advertising and social events. Advertising expenses rose to \$14.3 million in 2021, with \$9.9 million spent primarily on multi-platform media buys that included advertisements in print, online, and television media. The highest reported payment by a single client to a lobbyist was \$2,648,394, paid by Greater New York Hospital Association to SKDknickerbocker LLC. This consisted entirely of lobbying related expenses that were reimbursed to the retained lobbyist for a multi-platform media buy.

Clients that spent over a million dollars in advertising expenses in 2021 include:

- Greater New York Hospital Association, Inc. at \$2,648,394;
- Success Academy Charter Schools, Inc. at \$1,619,055;
- AARP at \$1,299,632; and
- Nurses Association-NYS at \$1,326,363.

Expenses related to social events continued to decrease. Social event spending was \$407,862 in 2021, representing a 7.5% drop from \$440,804 in 2020. The social event expense categories with the highest number of itemized expenses reported centered on catering and transportation for lobby days.

The 10 highest spending lobbying entities in 2021 accounted for 6.8% of all lobbying spending at \$19.7 million. The top ten lobbyists in 2021 were led once again by Brown & Weinraub, PLLC, followed by Kasirer LLC and Bolton St. Johns, LLC (consistent with the 2020 rankings). Rounding out the top ten in 2021 were Greenberg Traurig, LLP; Mercury Public Affairs LLC (up from #6 in 2020); Ostroff Associates, Inc.; Park Strategies, LLC; Hinman Straub Advisors, LLC; Constantinople & Vallone Consulting LLC; and James F. Capalino & Associates (back in the top ten after being at #11 in 2020).

The number of registrations increased slightly from 5,740 in 2020 to 5,747 in 2021. Registrations, however, have yet to regain the levels achieved in 2019, when 6,650 registrations were submitted for that year. In addition, the number of clients dropped to 4,486 in 2021, a decrease of 3.9% from 2020. This might suggest that although fewer clients lobbied in 2021 than in 2020, they paid more to lobby than they did in the previous year. In addition, the number of public corporations that registered and filed as lobbyists or filed reports as clients of lobbyists increased slightly, from 58 in 2020 to 59 in 2021, which remains significantly less than the 76 that lobbied in 2019.

The Commission is entrusted with the regulation of lobbying before State agencies and entities and before municipalities with populations of more than 5,000. Notably, the percentage of registrations reporting lobbying at both the State and local levels increased to over 40 percent in 2021, versus 32.7 percent in 2020 and 13.5 percent in 2019. State-only lobbying accounted for nearly half of all lobbying at 49.9% in 2021 compared to 68% in 2020, and 62% in 2019.

The online Lobbying Application provides a breakdown of filings by communication type (direct lobbying, grassroots lobbying, or both) and by focus of the lobbying activity (legislation, regulation, executive order, etc.), as disclosed in lobbyists' registrations and bi-monthly reports. Out of 5,747 registrations submitted in 2021, approximately 82 percent of lobbyists disclosed that they anticipated engaging in direct lobbying only, while fewer than one percent disclosed engaging in only grassroots lobbying. Approximately 17 percent indicated they would engage in a combination of direct and grassroots lobbying. Fewer than 0.1% indicated they were only monitoring activity.

Overview of Regulatory Advancements and Technological Developments

In 2021, the Commission implemented new regulatory standards for the lobbying community through revisions to the Comprehensive Lobbying Regulations (at Part 943 of Title 19 of the New York Codes, Rules and Regulations). These regulatory amendments were adopted on an emergency basis for the 2021-2022 Biennial Period and became effective January 1, 2021. In addition, advancements in the online Lobbying Application continue to bolster the Commission's transparency initiative by clarifying and simplifying filing procedures - ensuring that lobbying activity is transparent to the public and reporting requirements are clear to the regulated community.

Notable Regulatory Advancements in the Comprehensive Lobbying Regulations include:

- Clarifying key definitions, such as Contractual Client and Designated Lobbyist;
- Simplifying the provisions related to Direct and Grassroots Lobbying;
- Refining reporting requirements when personal social media is used. Personal social media activity is presumptively not reportable unless the individual is specifically retained by a Client for that activity;
- Improvements to Coalition reporting requirements that set forth a bright-line rule to assist Coalitions in determining how they should report their lobbying activity; and
- Amending the Source of Funding requirements to explicitly prohibit a lobbying client from identifying any of its donors as "anonymous" and exclude contributions specifically earmarked for activity outside of New York State from disclosure.

As noted, the Commission also implemented advancements to the online Lobbying Application that promote transparent data standardization practices and capture regulatory changes that occurred in the 2021 filing year. Key improvements helped to eliminate or restrict a filer's ability to free-type information and, instead, required the use of pre-defined drop-down menu items that clearly identify lobbying expenses and parties who have been lobbied. By standardizing data wherever possible, the application captures consistent data, which results in improved search functionality and data analytics, all of which greatly improves public transparency related to lobbying.

2021 Random Audit Program

As required by § 1-d(b) of the Lobbying Act, the Commission conducts a Random Audit Program that provides an independent and objective evaluation of reports and registration statements filed by lobbyists and their clients. The random selection of audits is made by an outside consulting firm, and a different outside accounting firm certifies that the Commission's Random Audit Program complies with the Lobbying Act. As a result of the ongoing COVID-19 pandemic, the Random Audit Program was suspended from March 2020 through August 2020. This knock-on effect resulted in a reduction in the frequency of Audit Draws in 2021, which ultimately impacted the number of findings and recommendations issued to lobbyists, clients, and public corporations during the year. In 2021, the Random Audit Program conducted 520 audits. Those audits generated 541 findings and recommendations to improve filing or recordkeeping procedures, or to require the filing of amended reports to correct discrepancies uncovered in the audit process. Lobbying filings were amended as necessary to address the Audit Unit's findings.

2021 Summary of Late Fee Assessments

As part of its ongoing efforts to ensure transparency through timely disclosure of lobbying activity, the Commission is publishing, for the first time, a list of late fees assessed for late 2021 filings.

A summary of the Commission's late fee assessments is below. To view the complete listing of late fees assessed in 2021, refer to ***Appendix C: Lobbying Late Fee Assessments***. Appendix C includes a detailed breakdown of fees assessed, payments collected, and the Filer name.

Total Number of Late Fees Assessed	1,322
Total Number of Late Filers	415
Total Amount Assessed	\$572,835.00
Total Amount Waived/Reduced	\$140,017.50
Total Amount Paid	\$195,812.50
Total Amount Outstanding to JCOPE	\$107,115.00 *

* The total amount outstanding excludes \$129,890 in assessed late fees that the Commission pursued as an enforcement action.

2021 Lobbying Data

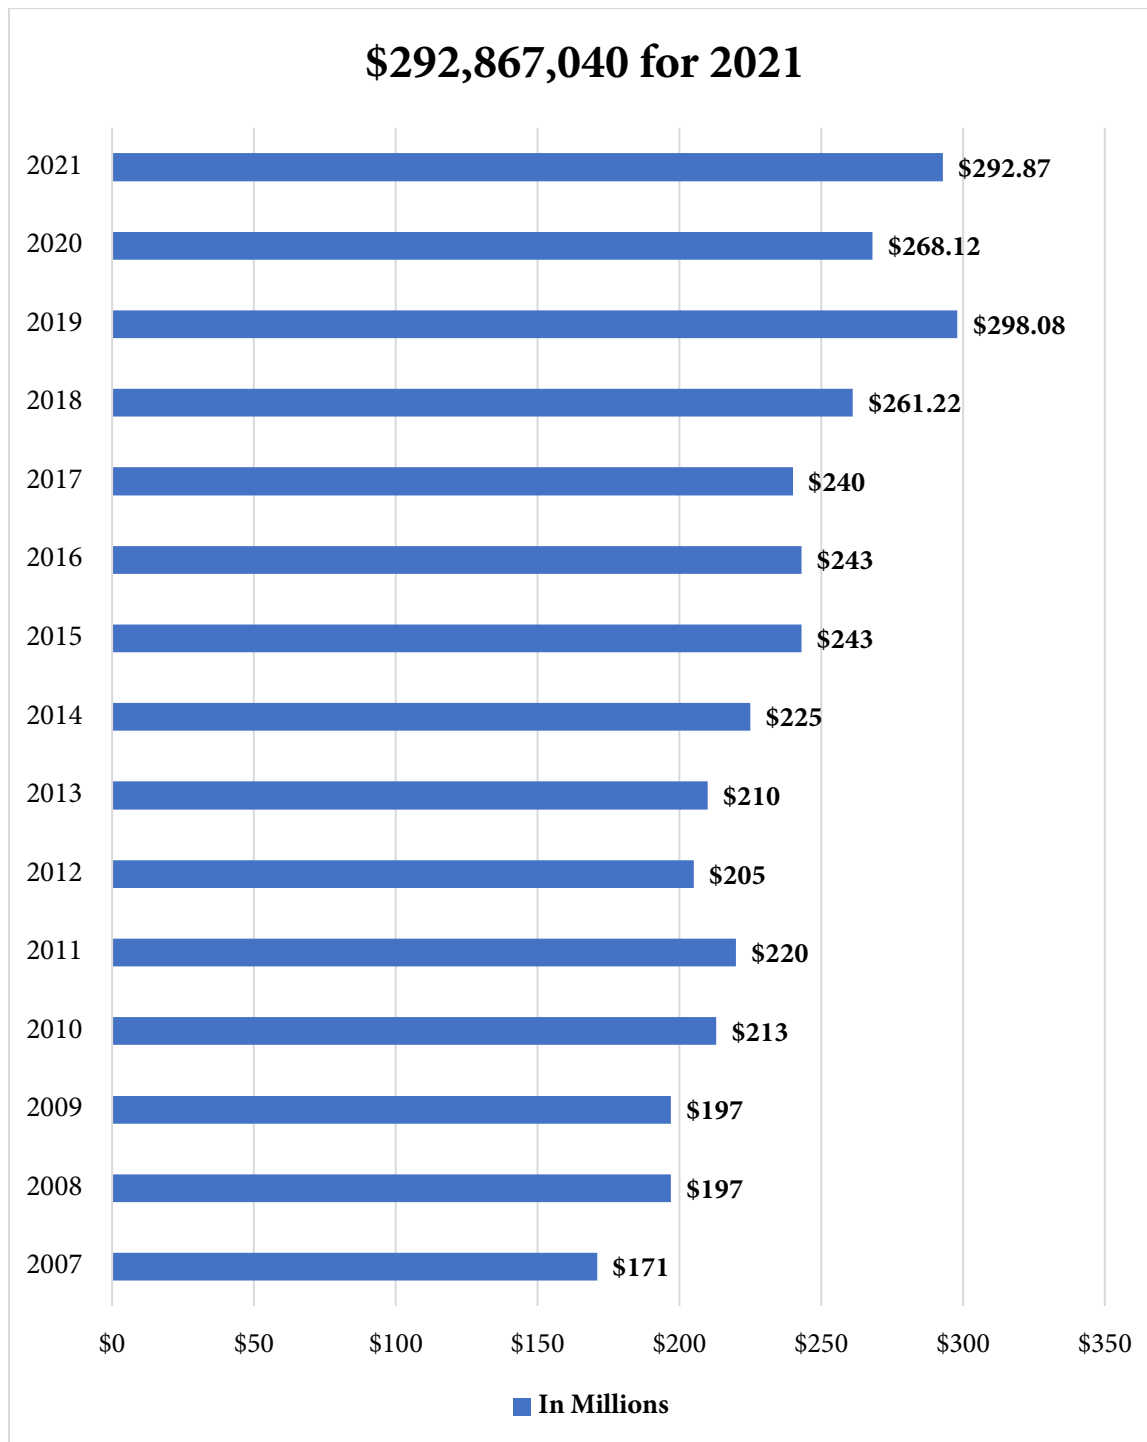

The filings submitted pursuant to the disclosure requirements under the Lobbying Act are available on the Commission's website at jcope.ny.gov. From the 'Lobbying' main menu, select 'View a Filing' from the drop-down menu, and click the 'Search Filings' button from the 2021-2022 filings in the 'Lobbying Data on Demand' section.

By law, the complete 2021 listing of lobbyists and public corporations, including compensation and reimbursed expenses, is attached hereto as Appendix D. Separately, in conjunction with this annual report, the Commission will publish in spreadsheet format on its website the financial data filed by lobbyists and their clients for 2021. In addition, the public may access real time lobbying data via the Public Search Query or by utilizing any of the Lobbying Financial Data on demand reports. These features are available on the 'Public Data' page of the JCOPE website.

To access the 'Public Data' page, select the 'About' main menu from the JCOPE website and then select 'Public Data' from the drop-down menu.

FINANCIAL DISCLOSURE

Certain public officers and employees are required to file an annual Financial Disclosure Statement (“FDS”) with the Commission, pursuant to Public Officers Law § 73-a and Executive Law § 94, to maintain the public’s trust and confidence in government through disclosure and to aid in preventing corruption, favoritism, undue influence, and abuses of official position.

Overview of Annual Financial Disclosure Statements

Public Officers Law § 73-a requires State officers or employees who receive annual compensation in excess of the filing rate of a CSEA SG-24 (which was \$101,379 in 2021), or who hold a policymaking position as determined by their appointing authority, to file an FDS. This requirement applies to: heads of State agencies and their deputies and assistants; officers and employees of statewide elected officials; officers and employees of State departments, boards, bureaus, divisions, certain commissions, councils, and the State University of New York and City University of New York; members or directors of public authorities, other than multi-state authorities, public benefit corporations, and commissions at least one of whose members is appointed by the Governor, and employees of such authorities, corporations, and commissions. The four statewide elected officials (Governor, Lieutenant Governor, Attorney General, and Comptroller), the state chairs of recognized political parties, and certain county chairs of these parties are also required to file an FDS.

The Commission also has authority to enforce the financial disclosure requirement with respect to legislative members, candidates for those offices, and legislative staff. Since 2012, current legislative members and legislative employees have been required to file their FDS with the Legislative Ethics Commission (LEC) no later than May 15 of each year, which are then submitted by the LEC to the Commission by June 30. The LEC submitted these legislative filings to the Commission by the end of June. The Commission continues to track and review these statements.

As prescribed in Executive Law § 94, the Commission posts the financial disclosure statements submitted by the four statewide elected officials and all members of the Legislature to its website. Other filed FDS are

available for public review upon request. Further, pursuant to Public Officers Law § 73-a(2)(d), the Commission must identify and post on its website a list of candidates for State office who have not timely filed. Public Officers Law § 73-a(2)(a)(iii) - (vii) requires that each candidate for statewide elected office or the Legislature, within 10 days of becoming a candidate, file a FDS with the LEC. The LEC forwards each such candidate's FDS and a list of required filers to the Commission.

The Commission pursues compliance with the filing requirement in accordance with Executive Law § 94(12). Accordingly, if an individual fails to file a FDS in a timely manner, or files an incomplete FDS, the Commission issues a confidential notice alerting the individual to the failure and providing a period of time to cure the defect. If the individual fails to cure, then the Commission publicly issues a notice of delinquency, which is published on the Commission's website and sent to the individual's appointing authority. The Commission may then pursue an enforcement action against the individual under Executive Law § 94(13).

In certain circumstances, the Commission may grant an exemption from filing to individuals who earn above the filing rate. An exemption request may be submitted either by an individual or by a State agency or employee organization on behalf of a group of individuals who share the same job title or employment classification. The Commission, in its discretion, may grant an exemption if the public interest does not require disclosure, and the individual's job duties do not involve negotiating, authorizing, or approving:

- contracts, leases, franchises, or similar matters;
- the purchase, sale, or rental of real property, good or services;
- the obtaining of grants of money or loans; or,
- the adoption or repeal of rules or regulations having the force and effect of law.

2021 Compliance and Enforcement

Certain FDS filers, based on their job title or employment classification, have obtained exemptions from filing under a process and eligibility criteria established by Executive Law § 94(9)(k) and related regulations. In 2021, the Commission received, reviewed, and issued determinations on more than 350 Individual exemption requests.

The Commission processed more than 30,000 individual FDS filings, approximately 96 percent of which were filed electronically. Separately, the Commission processed more than 4,000 paper FDS forms filed by members and employees of the Legislature. In total, the Commission processed in excess of 34,000 FDS forms filed by statewide elected officials, executive branch officers and employees, and legislative branch officers, employees, and candidates. The Commission also received more than 2,800 “short form” filings from the Legislature; that form consists of four questions related to the current year and is filed by legislative employees who do not meet the requirement to file the longer FDS form.

The Commission issued approximately 6,800 confidential Failure to File notices in 2021, pursuant to Executive Law § 94(12). This includes nearly 4,300 notices to executive branch filers who did not file by the May 17 deadline or within 30 days of their hiring, as well as more than 1,800 notices to SUNY and CUNY academic filers who did not file by the November 15 deadline. With significant outreach efforts by Commission staff and the cooperation of individual agencies, by the end of 2021, Commission staff achieved nearly 90 percent compliance with respect to these filers.

Of the 368 agencies that are under the jurisdiction of the Commission, the average agency delinquency rate was 17 percent. Fifty-nine agencies had 100 percent compliance, with all of their filers submitting timely filings. Thirty-one agencies had a 50 percent or higher delinquency rate; however, the majority of those agencies have fewer than 10 filers. For example, the Niagara River Greenway Commission had a 100 percent delinquency rate, but it only has five required filers. The New York City Transit Authority (NYCTA) had a high number of delinquent filers at 289, but the agency has a total of 3,374 filers. As such, NYCTA has a 9 percent delinquency rate, which falls below the average rate noted above. The full snapshot of agency statistics is available in Appendix B to this report.

Based on the compliance work that was done in 2021, the Commission is pursuing enforcement actions against the remaining delinquent FDS filers.

Random and Targeted Review Program for FDS

Pursuant to Executive Law § 94, the Commission conducts comprehensive reviews of FDS filings through two separate programs. The Random Review Program ascertains compliance with Public Officers Law § 73-a by State officers and employees who are randomly selected for review by an outside vendor. Particular attention is devoted to confirming whether all responses are complete, directly relate to the corresponding questions, and are consistent with internal records maintained by the Commission, including previously filed FDS and request(s) for advisory opinion(s), and related public information. The Targeted Review Program dedicates additional resources to examining the filings of a pre-defined list of required filers based on their position of authority within State government. In these reviews, specific emphasis is devoted to questions on the FDS that are related to, and/or associated with, outside employment and income (filing individual and spouse), outside positions of authority (filing individual and spouse), gifts, real estate, and investments. Both review programs ensure that the Commission and public have access to complete and accurate information about the financial interests and potential conflicts of State officials and employees.

The FDS Review Unit conducted nearly 670 reviews in 2021. The time frame subject to these targeted reviews was the filings for the 2020, 2019, and 2018 calendar years (submitted in 2021, 2020, and 2019, respectively). As a result of these reviews, staff issued more than 251 Request for Additional Information/Notice of Deficiency Letters to filers, notifying reporting individuals of any area(s) of concern for which additional information was required. Reporting individuals (and their spouses, where necessary) have made amendments to their filing(s) in response to these notification letters. In 2021, reviews generated more than 1,064 findings to improve the accuracy and clarity of the Financial Disclosure Statements, or to file amended Statements to correct discrepancies identified in the review process. As a result of those findings, amendments were made to the Statements reviewed.

INVESTIGATION AND ENFORCEMENT

Overview

The Commission is charged with investigating potential violations of the State’s ethics laws (Public Officers Law §§ 73, 73-a, and 74), the “Little Hatch Act” (Civil Service Law § 107), and the Lobbying Act (Legislative Law Article 1-A). The Commission has jurisdiction to investigate violations of law by officers and employees at State agencies and departments including commissions, boards, public benefit corporations, public authorities, SUNY, CUNY, and the statutory closely-affiliated corporations; the four statewide elected officials and members of the Legislature (and candidates for those offices); employees of the Legislature; certain political party chairpersons; and lobbyists and their clients.

Investigations may be conducted on the Commission’s own initiative, on referrals from other governmental entities or in response to information provided by the public. The Commission’s procedures for submitting tips and filing complaints alleging violations of the Public Officers Law or the Lobbying Act are available on the Commission's website at jcope.ny.gov and reportmisconduct.ny.gov or by calling the hotline, 1-800-87-ETHICS.

Not all investigative matters ultimately warrant enforcement action. In some cases, based upon the developed facts, the Commission concludes that the public interest would be best served by providing education and guidance to prevent future violations. The Commission continues to exercise its discretion to resolve appropriate investigative matters with “guidance letters” that set forth the legal and regulatory considerations relevant to guiding future conduct.

The Commission maintains relationships with law enforcement partners and with agencies, agency counsel, ethics officers and other agency personnel, coordinating efforts when appropriate. The Commission also collaborates with State agencies to resolve efficiently disciplinary matters that involve violations within the Commission’s jurisdiction.

Pursuant to Executive Law § 94, before commencing an investigation, the Commission must provide the person or entity who is the subject of allegations with notice of any alleged violation of law and a 15-day

period within which to respond. This notice is commonly referred to as a “15-day letter.” The 15-day letter must describe the possible or alleged violations of law and must also include a “description of the . . . evidence, if any, supporting such allegations, provided however that [the Commission] shall redact any information that might, in the judgment of the [C]ommission, be prejudicial to either the complainant or the investigation” Following the issuance of a 15-day letter, the Commission must vote on whether to commence a full investigation to determine if a substantial basis exists to conclude that a relevant law has been violated.

After conducting an investigation, the Commission may issue a “Notice of Substantial Basis Investigation and Hearing.” This will include, among other things, notice of a hearing to be conducted before an independent and randomly-selected hearing officer, notice of the right to be heard on the allegations against respondent and the factual basis for the alleged violations of law. In addition, at least seven days before the hearing, the Commission will provide to the respondent any additional evidence supporting the allegations that was not set forth in the 15-day letter, in sufficient detail to enable the respondent to respond.

The hearing officer will make proposed findings of fact and recommendations as to a penalty, if any, in a report to the Commission. The parties will have the right to respond to the hearing officer’s findings of fact and recommendation within 30 days of its issuance, and Commission staff will also submit a proposed Substantial Basis Investigation Report (“SBIR”) to the Commission. The Commission must vote on the proposed SBIR within 60 days of its receipt. The Commission may adopt, reverse, remand, and/or dismiss, in whole or in part, any of the findings or recommendations of the hearing officer. The SBIR is the final administrative decision of the Commission, and if the Commission has found a substantial basis to conclude that the Public Officers Law or Legislative Law has been violated, the SBIR must be made public.

The Commission has authority to impose penalties for violations by Executive Branch officers and employees, lobbyists, and clients. The Commission has jurisdiction over legislators and legislative employees for purposes of conducting an investigation and a hearing. In the event that the Commission finds a substantial basis to conclude that a member of or candidate for the Legislature or legislative employee violated the law, it presents its SBIR to the Legislative Ethics Commission (“LEC”), which may then assess penalties pursuant to its own adjudicatory regulations, which are available on its website at www.legethics.com.

Information concerning the Commission's enforcement actions, including settlement agreements and SBIRs, is published on the Commission's website.

2021 Review and Disposition of Investigative Matters

The Commission processed 246 investigative matters in 2021. In general, allegations covered a broad range of potential violations of the Public Officers Law, including conflicts of interest, improper gifts, nepotism, failure to file financial disclosure statements and post-employment issues. In addition, some matters involved alleged violations of the Lobbying Act, including improper gifts, failure to register as a lobbyist, and failure to submit required filings.

In 2021, the Commission issued sixteen 15-day letters, commenced eight investigations, and settled five matters, two of which had been initiated or commenced in years prior to 2021.

Of the sixteen 15-day letters sent in 2021, one was sent to a Legislative employee, and the remaining letters went to current and former Executive Branch officials/employees.

A total of eight investigations were commenced in 2021. Of those, all involved current and former Executive Branch officials. Of the eight investigations commenced by the Commission, all were commenced by a unanimous vote. At the end of 2021, the Commission had 35 open investigations (21 relating to current and former Executive Branch officials/employees, eight relating to lobbying entities, and six relating to members/employees of, or candidates for, the Legislature) and 74 matters pending further review.

The Commission's investigations and enforcement actions in 2021 resulted in penalties totaling \$21,100. As noted above, the Commission entered into settlement agreements to resolve five matters: two involved lobbying entities and three involved violations of the Public Officers Law by Executive Branch employees. These matters concerned the failure to file required lobbying disclosure reports, the sharing of confidential information, and failure to file required financial disclosures with the Commission.

Summary of Public Settlement Matters

The Commission settlements entered into in 2021 reflect the application of the Public Officer's Law to matters ranging from a failure to adhere to required transparency to the unlawful disclosure of State information. They also demonstrate the Commission's exercise of its mandate to enforce the Lobbying Act.

- The Commission reached a settlement agreement with the engineering firm that retained Adam Skelos, the son of former Senate Majority Leader Dean Skelos, for violations of the Lobbying Act involving Adam Skelos and a former officer of the firm. AEWS Engineering LLC, a subsidiary of AbTech Industries, Inc., agreed to pay the Commission \$10,000 to settle violations for filing inaccurate lobbying reports between July 2014 and June 2015 that omitted attempts by the younger Skelos to get his father to make legislative decisions favorable to the companies, as well as for unregistered lobbying activity by Adam Skelos's former supervisor, an AbTech vice president and later-president of AEWS.
- The Commission reached a settlement agreement with the lobbyist Kasirer, LLC as part of the Commission's long-running probe into donations made to the Campaign for One New York ("CONY") by entities lobbying the City of New York. CONY was a not-for-profit corporation formed in late 2013 by three former campaign officials of Mayor Bill de Blasio ("the Mayor") for which the Mayor sought and obtained support for his legislative and policy objectives. This settlement adds to six previous settlements with other entities arising out of an investigation beginning in 2015 in which the Commission learned of lobbyists and clients of lobbyists who, while actively lobbying New York City officials, including the Mayor, donated to CONY at the request of either the Mayor or Ross Offinger, who was both the Mayor's campaign treasurer and the treasurer at CONY.
- The Commission entered into a settlement with a former Senior Adviser and Chief of Systemwide Accessibility for New York City Transit, for alleged violations of the Public Officers Law, including disclosing confidential information during a competitively-bid procurement and failing to disclose outside income from his position as president of the board of a not-for-profit corporation.
- In addition, the Commission entered into two additional settlements concerning state employees' failure to disclose, as required by Public Officers Law 73-a, certain financial interests on their annual statements of financial disclosure in connection with outside activities.

APPENDIX A: EXECUTIVE LAW § 94

Joint commission on public ethics; functions, powers and duties; review of financial disclosure statements; advisory opinions; investigation and enforcement.

1. There is established within the department of state a joint commission on public ethics which shall consist of fourteen members and shall have and exercise the powers and duties set forth in this section with respect to statewide elected officials, members of the legislature and employees of the legislature, and state officers and employees, as defined in sections seventy-three and seventy-three-a of the public officers law, candidates for statewide elected office and for the senate or assembly, and the political party chairman as that term is defined in section seventy-three-a of the public officers law, lobbyists and the clients of lobbyists as such terms are defined in article one-A of the legislative law, and individuals who have formerly held such positions, were lobbyists or clients of lobbyists, as such terms are defined in article one-A of the legislative law, or who have formerly been such candidates. This section shall not be deemed to have revoked or rescinded any regulations or advisory opinions issued by the legislative ethics commission, the commission on public integrity, the state ethics commission and the temporary lobbying commission in effect upon the effective date of chapter fourteen of the laws of two thousand seven which amended this section to the extent that such regulations or opinions are not inconsistent with any law of the state of New York, but such regulations and opinions shall apply only to matters over which such commissions had jurisdiction at the time such regulations and opinions were promulgated or issued. The commission shall undertake a comprehensive review of all such regulations and opinions, which will address the consistency of such regulations and opinions among each other and with the new statutory language, and of the effectiveness of the existing laws, regulations, guidance and ethics enforcement structure to address the ethics of covered public officials and related parties. Such review shall be conducted with the legislative ethics commission and, to the extent possible, the report's findings shall reflect the full input and deliberations of both commissions after joint consultation. The commission shall, before February first, two thousand fifteen, report to the governor and legislature regarding such review and shall propose any regulatory or statutory changes and issue any advisory opinions necessitated by such review.

2. The members of the commission shall be appointed as follows: three members shall be appointed by the temporary president of the senate, three members shall be appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, one member shall be appointed by the minority leader of the assembly, and six members shall be appointed by the governor and the lieutenant governor. In the event that a vacancy arises with respect to a member of the commission first appointed pursuant to the chapter of the laws of two thousand eleven which amended this subdivision by a legislative leader, the legislative leaders of the same political party in the same house shall appoint a member to fill such vacancy irrespective of whether that legislative leader's political party is in the majority or minority. Of the members appointed by the governor and the lieutenant governor, at least three members shall be and shall have been for at least three years enrolled members of the major political party in which the governor is not enrolled. In the event of a vacancy in a position previously appointed by the governor and lieutenant governor, the governor and lieutenant governor shall appoint a member of the same political party as the member that vacated that position. Prior to making their respective appointments, the governor and the lieutenant governor and the legislative leaders shall solicit and receive recommendations for appointees from the attorney general and the comptroller of the state of New York, which recommendations shall be fully and properly considered but shall not be binding.

No individual shall be eligible for appointment as a member of the commission who currently or within the last three years:

- (i) is or has been registered as a lobbyist in New York state;
- (ii) is or has been a member of the New York state legislature or a statewide elected official or a commissioner of an executive agency appointed by the governor; or
- (iii) is or has been a political party chairman, as defined in paragraph (k) of subdivision one of section seventy-three of this article.

No individual shall be eligible for appointment as a member of the commission who currently or within the last year is or has been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law.

3. Members of the commission shall serve for terms of five years; provided, however, that of the members first appointed by the governor and lieutenant governor, one shall serve for one year, one shall serve for two years, one shall serve for three years, and one shall serve for four years, as designated by the governor; the members first appointed by the temporary president of the senate and by the speaker of the assembly shall serve for four years and the members first appointed by the minority leaders of the senate and the assembly shall serve for two years.
4. The governor shall designate the chairman of the commission from among the members thereof, who shall serve as chairman at the pleasure of the governor. The chairman or any eight members of the commission may call a meeting.
5. Any vacancy occurring on the commission shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.
6. Eight members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy except where the commission acts pursuant to subdivision thirteen, subdivision fourteen-a or subdivision fourteen-b of this section.
7. Members of the commission may be removed by the appointing authority solely for substantial neglect of duty, gross misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, inability to discharge the powers or duties of office or violation of this section, after written notice and opportunity for a reply.
8. The members of the joint commission shall receive a per diem allowance in the sum of three hundred dollars for each day actually spent in the performance of his or her duties under this article, and, in

addition thereto, shall be reimbursed for all reasonable expenses actually and necessarily incurred by him or her in the performance of his or her duties under this article.

9. The commission shall:

- (a) Appoint an executive director who shall act in accordance with the policies of the commission. The appointment and removal of the executive director shall be made solely by a vote of a majority of the commission, which majority shall include at least one member appointed by the governor from each of the two major political parties, and one member appointed by a legislative leader from each of the two major political parties. The commission may delegate authority to the executive director to act in the name of the commission between meetings of the commission provided such delegation is in writing, the specific powers to be delegated are enumerated, and the commission shall not delegate any decisions specified in this section that require a vote of the commission. The executive director shall be appointed without regard to political affiliation and solely on the basis of fitness to perform the duties assigned by this article, and shall be a qualified, independent professional. The commission may remove the executive director for neglect of duty, misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, or inability or failure to discharge the powers or duties of office, including the failure to follow the lawful instructions of the commission;
- (b) Appoint such other staff as are necessary to carry out its duties under this section;
- (b-1) Review and approve a staffing plan provided and prepared by the executive director which shall contain, at a minimum, a list of the various units and divisions as well as the number of positions in each unit, titles and their duties, and salaries, as well as the various qualifications for each position including, but not limited to, education and prior experience for each position.
- (c) Adopt, amend, and rescind rules and regulations to govern procedures of the commission, which shall include, but not be limited to, the procedure whereby a person who is required to file an annual financial disclosure statement with the commission may request an additional period of time within

which to file such statement, other than members of the legislature, candidates for members of the legislature and legislative employees, due to justifiable cause or undue hardship; such rules or regulations shall provide for a date beyond which in all cases of justifiable cause or undue hardship no further extension of time will be granted;

(d) Adopt, amend, and rescind rules and regulations to assist appointing authorities in determining which persons hold policy-making positions for purposes of section seventy-three-a of the public officers law;

(d-1) Adopt, amend and rescind rules and regulations defining the permissible use of and promoting the proper use of public service announcements;

(e) Make available forms for annual statements of financial disclosure required to be filed pursuant to section seventy-three-a of the public officers law;

(f) Review financial disclosure statements in accordance with the provisions of this section, provided however, that the commission may delegate all or part of this review function to the executive director who shall be responsible for completing staff review of such statements in a manner consistent with the terms of the commission's delegation;

(g) Receive complaints and referrals alleging violations of section seventy-three, seventy-three-a or seventy-four of the public officers law, article one-A of the legislative law or section one hundred seven of the civil service law;

(h) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request that the commission delete from the copy thereof made available for public inspection and copying one or more items of information which may be deleted by the commission upon a finding by the commission that the information which would otherwise be required to be made available for public inspection and copying will have no material bearing on

the discharge of the reporting person's official duties. If such request for deletion is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;

- (i) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request an exemption from any requirement to report one or more items of information which pertain to such person's spouse or unemancipated children which item or items may be exempted by the commission upon a finding by the commission that the reporting individual's spouse, on his or her own behalf or on behalf of an unemancipated child, objects to providing the information necessary to make such disclosure and that the information which would otherwise be required to be reported will have no material bearing on the discharge of the reporting person's official duties. If such request for exemption is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;

- (i-1) Permit any person required to file a financial disclosure statement to request an exemption from any requirement to report the identity of a client pursuant to question 8(b) in such statement based upon an exemption set forth in that question. The reporting individual need not seek an exemption to refrain from disclosing the identity of any client with respect to any matter he or she or his or her firm provided legal representation to the client in connection with an investigation or prosecution by law enforcement authorities, bankruptcy, or domestic relations matters; in addition, clients or customers receiving medical or dental services, mental health services, residential real estate brokering services, or insurance brokering services need not be disclosed.

- (j) Advise and assist any state agency in establishing rules and regulations relating to possible conflicts between private interests and official duties of present or former statewide elected officials and state officers and employees;
- (k) Permit any person who has not been determined by his or her appointing authority to hold a policy-making position but who is otherwise required to file a financial disclosure statement to request an exemption from such requirement in accordance with rules and regulations governing such exemptions. Such rules and regulations shall provide for exemptions to be granted either on the application of an individual or on behalf of persons who share the same job title or employment classification which the commission deems to be comparable for purposes of this section. Such rules and regulations may permit the granting of an exemption where, in the discretion of the commission, the public interest does not require disclosure and the applicant's duties do not involve the negotiation, authorization or approval of:
 - (i) contracts, leases, franchises, revocable consents, concessions, variances, special permits, or licenses as defined in section seventy-three of the public officers law;
 - (ii) the purchase, sale, rental or lease of real property, goods or services, or a contract therefor;
 - (iii) the obtaining of grants of money or loans; or
 - (iv) the adoption or repeal of any rule or regulation having the force and effect of law;
- (l) Prepare an annual report to the governor and legislature summarizing the activities of the commission during the previous year and recommending any changes in the laws governing the conduct of persons subject to the jurisdiction of the commission, or the rules, regulations and procedures governing the commission's conduct. Such report shall include: (i) a listing by assigned number of each complaint and referral received which alleged a possible violation within its jurisdiction, including the current status of each complaint, and (ii) where a matter has been resolved, the date and nature of the disposition and any sanction imposed, subject to the confidentiality requirements of this section, provided, however, that such annual report shall not contain any information for which disclosure is not permitted pursuant to subdivision nineteen of this section;

- (m) Determine a question common to a class or defined category of persons or items of information required to be disclosed, where determination of the question will prevent undue repetition of requests for exemption or deletion or prevent undue complication in complying with the requirements of such section; and
- (n) Promulgate guidelines for the commission to conduct a program of random reviews, to be carried out in the following manner: (i) annual statements of financial disclosure shall be selected for review in a manner pursuant to which the identity of any particular person whose statement is selected is unknown to the commission and its staff prior to its selection; (ii) such review shall include a preliminary examination of the selected statement for internal consistency, a comparison with other records maintained by the commission, including previously filed statements and requests for advisory opinions, and examination of relevant public information; (iii) upon completion of the preliminary examination, the commission shall determine whether further inquiry is warranted, whereupon it shall notify the reporting individual in writing that the statement is under review, advise the reporting individual of the specific areas of inquiry, and provide the reporting individual with the opportunity to provide any relevant information related to the specific areas of inquiry, and the opportunity to file amendments to the selected statement on forms provided by the commission; and (iv) if thereafter sufficient cause exists, the commission shall take additional actions, as appropriate and consistent with law.

9-a. (a) When an individual becomes a commissioner or staff of the commission, that individual shall be required to sign a non-disclosure statement.

- (b) Except as otherwise required or provided by law, testimony received or any other information obtained by a commissioner or staff of the commission shall not be disclosed by any such individual to any person or entity outside the commission during the pendency of any matter. Any confidential communication to any person or entity outside the commission related to the matters before the commission may occur only as authorized by the commission.

- (c) The commission shall establish procedures necessary to prevent the unauthorized disclosure of any information received by any member of the commission or staff of the commission. Any breaches of confidentiality shall be investigated by the inspector general and appropriate action shall be taken. Any commissioner or person employed by the commission who intentionally and without authorization releases confidential information received by the commission shall be guilty of a class A misdemeanor.
- 9-b. During the period of his or her service as a commissioner of the commission, each commissioner shall refrain from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor, member of the assembly or the senate, attorney general or state comptroller.
- 10. The commission shall prepare materials and design and administer an ethics training program for individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law with respect to the provisions of sections seventy-three, seventy-three-a, and seventy-four of the public officers law and any other law, administrative regulation, or internal policy that is of relevance to the ethical conduct of such individuals in public service, as follows:
 - (a) The commission shall develop and administer a comprehensive ethics training course and shall designate and train instructors to conduct such training. Such course shall be designed as a two-hour program and shall include practical application of the material covered and a question-and-answer participatory segment. Unless the commission grants an extension or waiver for good cause shown, all individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law shall complete such course within two years of the effective date of the chapter of the laws of two thousand eleven which amended this section, or for those individuals elected or appointed after the effective date of the chapter of the laws of two thousand eleven which amended this section, within two years of becoming subject to the financial disclosure requirements of section seventy-three-a of the public officers law.
 - (b) The commission shall develop and administer an online ethics orientation course and shall notify all individuals newly subject to the financial disclosure requirements of section seventy-three-a of the public officers law of such course, which shall be completed by such individuals within three

months of becoming subject to such requirements, unless the commission grants an extension or waiver for good cause shown. Individuals who have completed the comprehensive ethics training course shall not be required to complete the online ethics orientation course.

(c) The commission shall develop and administer an ethics seminar or ethics seminars for individuals who have previously completed the comprehensive ethics training course. Such seminars shall be designed as ninety-minute programs and shall include any changes in law, regulation, or policy or in the interpretation thereof, practical application of the material covered, and a question-and-answer segment. Unless the commission grants an extension or waiver for good cause shown, such individuals shall be scheduled to attend a seminar at least once every three years after having completed the comprehensive ethics training course. In lieu of attending an ethics seminar, such individuals may complete a subsequent comprehensive ethics training program.

(d) The provisions of this subdivision shall be applicable to the legislature except to the extent that an ethics training program is otherwise established by the assembly or senate for their respective members and employees and such program meets or exceeds each of the requirements set forth in this section.

(e) On an annual basis, the joint commission in coordination with the legislative ethics commission shall determine the status of compliance with these training requirements by each state agency and by the senate and the assembly. Such determination shall include aggregate statistics regarding participation in such training, and shall be reported to the governor and the legislature in writing.

11. The commission, or the executive director and staff of the commission if responsibility therefor has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

12. If a person required to file a financial disclosure statement with the commission has failed to file a disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, provide the person with a fifteen day period to cure the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a statewide elected official, member of the legislature, or a legislative employee, to the temporary president of the senate and the speaker of the assembly; and (c) in the case of a state officer or employee, to the appointing authority for such person. Such notice of delinquency may be sent at any time during the reporting person's service as a statewide elected official, state officer or employee, member of the assembly or the senate, or a legislative employee or a political party chair or while a candidate for statewide office, or within one year after termination of such service or candidacy. The jurisdiction of the commission, when acting pursuant to subdivision fourteen of this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service, or ceases to hold public or political party office, or ceases to be a candidate, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.
13. (a) Investigations. If the commission receives a sworn complaint alleging a violation of section seventy-three, seventy-three-a, or seventy-four of the public officers law, section one hundred seven of the civil service law or article one-A of the legislative law by a person or entity subject to the jurisdiction of the commission including members of the legislature and legislative employees and candidates for member of the legislature, or if a reporting individual has filed a statement which reveals a possible violation of these provisions, or if the commission determines on its own initiative to investigate a possible violation, the commission shall notify the individual in writing, describe the possible or alleged violation of such laws, provide a description of the allegations against him or her and the evidence, if any, supporting such allegations, provided however that the joint commission shall redact any information that might, in the judgment of the commission, be prejudicial to either the complainant or the investigation; the letter also shall set forth the sections of law alleged to have been violated and

provide the person with a fifteen day period in which to submit a written response, including any evidence, statements, and proposed witnesses, setting forth information relating to the activities cited as a possible or alleged violation of law. The commission shall, within sixty calendar days after a complaint or a referral is received or an investigation is initiated on the commission's own initiative, vote on whether to commence a full investigation of the matter under consideration to determine whether a substantial basis exists to conclude that a violation of law has occurred. The staff of the joint commission shall provide to the members prior to such vote information regarding the likely scope and content of the investigation, and a subpoena plan, to the extent such information is available. Such investigation shall be conducted if at least eight members of the commission vote to authorize it. Where the subject of such investigation is a member of the legislature or a legislative employee or a candidate for member of the legislature, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by a legislative leader or leaders from the major political party in which the subject of the proposed investigation is enrolled if such person is enrolled in a major political party. Where the subject of such investigation is a state officer or state employee, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor. Where the subject of such investigation is a statewide elected official or a direct appointee of such an official, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor and be enrolled in the major political party in which the subject of the proposed investigation is enrolled, if such person is enrolled in a major political party.

(b) Substantial basis investigation. Upon the affirmative vote of not less than eight commission members to commence a substantial basis investigation, written notice of the commission's decision shall be provided to the individual who is the subject of such substantial basis investigation. Such written notice shall include a copy of the commission's rules and procedures and shall also include notification of such individual's right to be heard within thirty calendar days of the date of the commission's written notice. If the commission votes to commence a substantial basis investigation, the commission shall provide to the individual a notice setting forth the alleged violations of law and the factual basis for those allegations. The commission shall provide to the

individual any additional evidence supporting the allegations not set forth in the letter sent pursuant to paragraph (a) of this subdivision in sufficient detail to enable the individual to respond, at least seven days before the hearing. Such hearing shall afford the individual with a reasonable opportunity to appear in person, and by attorney, give sworn testimony and present evidence. Such hearing shall occur before the commission votes on whether or not to issue a substantial basis report. The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation, that any potential violation has been rectified, or if the investigation is closed for any other reason, it shall so advise the individual and the complainant, if any in writing within fifteen days of such decision. All of the foregoing proceedings shall be confidential.

(c) The jurisdiction of the commission when acting pursuant to this section shall continue notwithstanding that a statewide elected official or a state officer or employee or member of the legislature or legislative employee separates from state service, or a political party chair ceases to hold such office, or a candidate ceases to be a candidate, or a lobbyist or client of a lobbyist ceases to act as such, provided that the commission notifies such individual or entity of the alleged violation of law pursuant to paragraph (a) of this subdivision within one year from his or her separation from state service or his or her termination of party service or candidacy, or from his, her or its last report filed pursuant to article one-A of the legislative law. Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

14. An individual subject to the jurisdiction of the commission who knowingly and intentionally violates the provisions of subdivisions two through five-a, seven, eight, twelve or fourteen through seventeen of section seventy-three of the public officers law, section one hundred seven of the civil service law, or a reporting individual who knowingly and willfully fails to file an annual statement of financial disclosure or who knowingly and willfully with intent to deceive makes a false statement or fraudulent omission or gives information which such individual knows to be false on such statement of financial disclosure

filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual subject to the jurisdiction of the commission who knowingly and willfully violates article one-A of the legislative law shall be subject to civil penalty as provided for in that article. Except with respect to members of the legislature and legislative employees, assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor for further investigation. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seriousness of the violation, the amount of gain to the individual and whether the individual previously had any civil or criminal penalties imposed pursuant to this section, and any other factors the commission deems appropriate. Except with respect to members of the legislature and legislative employees, for a violation of this subdivision, other than for conduct which constitutes a violation of section one hundred seven of the civil service law, subdivisions twelve or fourteen through seventeen of section seventy-three or section seventy-four of the public officers law or article one-A of the legislative law, the commission may, in lieu of or in addition to a civil penalty, refer a violation to the appropriate prosecutor and upon such conviction, such violation shall be punishable as a class A misdemeanor. A civil penalty for false filing may not be imposed hereunder in the event a category of "value" or "amount" reported hereunder is incorrect unless such reported information is falsely understated. Notwithstanding any other provision of law to the contrary, no other penalty, civil or criminal may be imposed for a failure to file, or for a false filing, of such statement, or a violation of subdivision six of section seventy-three of the public officers law, except that the appointing authority may impose disciplinary action as otherwise provided by law. The commission may refer violations of this subdivision to the appointing authority for disciplinary action as otherwise

provided by law. The commission shall be deemed to be an agency within the meaning of article three of the state administrative procedure act and shall adopt rules governing the conduct of adjudicatory proceedings and appeals taken pursuant to a proceeding commenced under article seventy-eight of the civil practice law and rules relating to the assessment of the civil penalties herein authorized and commission denials of requests for certain deletions or exemptions to be made from a financial disclosure statement as authorized in paragraph (h) or paragraph (i) of subdivision nine of this section. Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

- 14-a. The joint commission on public ethics shall have jurisdiction to investigate, but shall have no jurisdiction to impose penalties upon members of or candidates for member of the legislature or legislative employees for any violation of the public officers law. If, after its substantial basis investigation, by a vote of at least eight members, two of whom are enrolled members of the investigated individual's political party if the individual is enrolled in a major political party and were appointed by a legislative leader of such political party, the joint commission on public ethics has found a substantial basis to conclude that a member of the legislature or a legislative employee or candidate for member of the legislature has violated any provisions of such laws, it shall present a written report to the legislative ethics commission, and deliver a copy of the report to the individual who is the subject of the report. Such written report shall include:
- (a) the commission's findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and

(b) a determination that a substantial basis exists to conclude that a violation has occurred, and the reasons and basis for such determination.

The joint commission shall also separately provide to the legislative ethics commission copies of additional documents or other evidence considered including evidence that may contradict the joint commission's findings, the names of and other information regarding any additional witnesses, and any other materials. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the joint commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor.

14-b. With respect to the investigation of any individual who is not a member of the legislature or a legislative employee or candidate for member of the legislature, if after its investigation the joint commission has found a substantial basis to conclude that the individual has violated the public officers law or the legislative law, the joint commission shall send a substantial basis investigation report containing its findings of fact and conclusions of law to the individual. With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual's major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to issue a substantial basis investigation report must have been appointed by the governor and lieutenant governor. The commission shall release such report publicly within forty-five days of its issuance.

14-c. With respect to an investigation of a lobbyist, if after its investigation the joint commission has found a substantial basis to conclude that the lobbyist has violated the legislative law, the joint commission shall issue a substantial basis investigation report containing its findings of fact and conclusions of law to the lobbyist and shall make public such report within forty-five days of its issuance.

15. A copy of any notice of delinquency or substantial basis investigation report shall be included in the reporting person's file and be available for public inspection and copying pursuant to the provisions of this section.
16. Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a or seventy-four of the public officers law, other than members of the legislature, candidates for member of the legislature and employees of the legislature, the commission shall render written advisory opinions on the requirements of said provisions. An opinion rendered by the commission, until and unless amended or revoked, shall be binding on the commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense, in any criminal or civil action. Such requests shall be confidential but the commission may publish such opinions provided that the name of the requesting person and other identifying details shall not be included in the publication.
17. In addition to any other powers and duties specified by law, the commission shall have the power and duty to:
 - (a) Promulgate rules concerning restrictions on outside activities and limitations on the receipt of gifts and honoraria by persons subject to its jurisdiction, provided, however, a violation of such rules in and of itself shall not be punishable pursuant to subdivision fourteen of this section unless the conduct constituting the violation would otherwise constitute a violation of this section; and
 - (b) Administer and enforce all the provisions of this section; and
 - (c) Conduct any investigation necessary to carry out the provisions of this section. Pursuant to this power and duty, the commission may administer oaths or affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

18. Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the commission, and which shall contain the documents identified in subdivision nineteen of this section, other than financial disclosure statements filed by state officers or employees or legislative employees, and any other records or information which the commission determines to be appropriate.
19. (a) Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:
- (1) the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except information deleted pursuant to paragraph (h) of subdivision nine of this section;
 - (2) notices of delinquency sent under subdivision twelve of this section;
 - (3) notices of civil assessments imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed;
 - (4) the terms of any settlement or compromise of a complaint or referral which includes a fine, penalty or other remedy;
 - (5) those required to be held or maintained publicly available pursuant to article one-A of the legislative law; and
 - (6) substantial basis investigation reports issued by the commission pursuant to subdivision fourteen-a or fourteen-b of this section. With respect to reports concerning members of the legislature or legislative employees or candidates for member of the legislature, the joint commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of paragraph of subdivision nine of section eighty of the legislative law.
- (b) Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding, including any such proceeding contemplated under paragraph (h) or (i) of subdivision nine of this

section, of the commission shall be open to the public, except if expressly provided otherwise by the commission or as is required by article one-A of the legislative law.

- (c) Pending any application for deletion or exemption to the commission, all information which is the subject or a part of the application shall remain confidential. Upon an adverse determination by the commission, the reporting individual may request, and upon such request the commission shall provide, that any information which is the subject or part of the application remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.
20. If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.
