Dear Dan –

Below is my just-sent e-mail to Chief Administrative Judge Marks & Chief Judge DiFiore, etc.

If conflicts-of-interest are preventing you from reporting – let alone investigating – this explosive story of fraud by New York's judiciary, aided and abetted by New York's bar leadership – and encompassing CJA's landmark citizen-taxpayer action at the New York Court of Appeals suing all three government branches for collusion against the People with respect to the "force of law" commission pay-raise scheme, the judiciary budget, the legislative budget, the state budget – you need to confer with the Law Journal's editor-in-chief and senior ALM management IMMEDIATELY – and I so request.

I am available to speak with you and them, separately or by a conference call.

Thank you.

Elena
