Elena,

Thanks for your kindness, but no recognition for me is needed. If you win it was because you worked hard and deserve recognition. I'm just a bugman.

Good luck!

Rich

Thank you, dear Rich,

It is SO rare that I ever even get a response to my e-mails, let alone the kindness of a single referral – and you have now given me three! Bless you. I am grateful for your further thoughtful suggestion – and when we succeed, as we must, you will be among those whose contributions are recognized and rewarded.

Warmly,

Elena

Good Morning Elena,

Here's another person you may wish to reach out to "Francis Menton"
<fmenton@manhattancontrarian.com>. He publishes Manhattan Contrarian. He allowed

me to publish his work, but he's not very communicative. However, he often publishes articles dealing with lawsuits and voter fraud, and media corruption....[The New York Times And The Approaching New York Mayoral Election](#), so you may wish to reach out and send material to him. [Francis Menton Commentaries](#).

Best wishes,

Rich Kozlovich
